

Everyone In Togo Needs Clean Water Now!

NEW HOPE ECHOES WATER CONCERT #16

Date: 12/03/2023, Sunday from 3 PM - 5 PM

Location: 978 S. Hoover St Suite #203 Los Angeles, CA 90006

NEW HOPE ECHOES MISSION:

This year, we plan to fund the creation of wells in Togo, a country in West Africa. Your donations will go towards the construction of wells to provide clean water to children. Access to clean water is a human right.

New Hope Echoes is thankful to the New Hope Baptist Church and Compassion International for their support. If you have any questions, contact the advisor at sungkim271@gmail.com

Leadership is an important quality for a balanced social life. One of the missions of New Hope Echoes is to provide opportunities for students to improve and develop their leadership skills. Students who want to be student leaders are encouraged to apply at the following application. [Leadership Application](#)

New Hope Echoes Student Leaders in 2023-2024

Ephraim Sunha Yu

President of New Hope Echoes in 2023-2024 school year

LA County High School for Art 11th grade

Jacob Kim

Vice President of New Hope Echoes in 2023-2024 school year

Norco High School 10th grade

Isleen Lee

Vice President of New Hope Echoes in 2023-2024 school year

Harvard-Westlake School 10th grade

Eunice Minji Choi

Former President of New Hope Echoes in 2022-2023 school year

North Hollywood High School 11th grade

제 16 회 뉴 호프 에코스 Water Concert 를 개최하며,

세계에서 가장 가난한 나라 중의 하나, 서부 아프리카의 토고(Togo)에 우물을 파는 선교 사역을 돕기 위해 Water Concert 를 개최합니다. 오랜 독재와 고질적인 부정부패로 국민의 자유가 보장되지 않고 있는 토고는 전 세계에서 가장 낮은 수명과 가장 높은 유아 사망률을 보여주는, 인구 850 만 가량의 조그만 나라입니다. (참고로 한국의 유아 사망률이 1,000 명당 1.9 명인데 비해, 토고는 43.7 명입니다.)

이 독재와 부정부패와 가난으로 신음하는 나라에, 선교사님들의 기도와 열정으로 복음의 씨앗이 뿌려지고, 그리스도의 사랑이 전파되고 있습니다. 말씀 사역, 의료 사역, 교육 사역들과 함께 우물 파주기 사역들이 현재 성령의 능력으로 진행되고 있습니다.

이번 뉴호프 에코스 Water Concert 는 학생들의 재능 기부로 모금되는 성금으로 토고의 우물 파주기에 도움을 주고자 합니다, 우리 다 같이 기도와 함께 물질로 토고의 선교 사역에 조그마한 힘을 보태십시다. 우리 모두 성령의 역사에 동참합시다.

시 41:1 가난한 자를 보살피는 자에게 복이 있음이여 재앙의 날에 여호와께서 그를 건지시리로다
잠 14:31 가난한 사람을 학대하는 자는 그를 지으신 이를 멸시하는 자요 궁핍한 사람을 불쌍히 여기는 자는 주를 공경하는 자니라

2023 년 12 월 3 일

김구 목사/미주 한인 새소망 침례교회 담임 목사

Eunice Minji Choi President of New Hope Echoes in 2022-2023 school year

North Hollywood High School 10th grade

I would like to be a NHE leader because I want to use this as an opportunity to improve my leadership skills and help other students become leaders in the future. I believe that I possess the abilities to lead the group and expand the New Hope Echoes Concert and spread the knowledge of Compassion. I am currently the founder and President of my school's Asian Student Union, where we focus on fundraising to organizations that help others in need. I would like to introduce more people into giving back to those in need.

I was the Secretary of New Hope Echoes for the past 2 concerts. I have created the PPT for the concert and helped with tech during the concert. It was an important role, as it allowed the concert to run smoothly. Through this opportunity, I have developed problem solving and communication skills because I had to quickly figure out ways to solve any problems with tech or the concert in general and communicate with the President and advisors. A few years ago, I was the founder and President of the Global Leadership Club at Walter Reed Middle School. I organized the agenda, planned events, and led club meetings. This opportunity helped me improve overall as a leader. I developed time management, organization, responsibility, creativity, reliability, and strategic thinking skills. Most importantly, I have developed mentorship skills, as I had to lead the future leaders of the club. There are many more roles that have helped me improve as a leader, but these two roles were the most crucial out of all.

My vision for the New Hope Echoes group is a large community that brings happiness and help to those in need. I will use my leadership skills to develop good relationships with my team members and help New Hope Echoes grow to donate more to those in need. I plan to use my connections to bring more people to support and donate to our cause. Making a bigger and more effective community is my main goal. I will support and help my team members prepare for more leadership roles and be a mentor for them. At the end, I hope to finish with a great concert and more donations to Compassion.

Jacob Kim, Vice President of New Hope Echoes in 2022-2023 school year

Norco High School 9th grade

I would like to be a NHE student leader because I want to see the world change for the better. Taking on this role will help me achieve that goal and I will have helped countless families and people in need around the world. By participating in these concerts, I can become a role model and inspire others to make a change in the world too.

I have been a leader outside of school by participating in the New Hope Echoes presentation and awareness concerts. I have presented many topics on world issues such as Water Shortage, Sanitation, Poverty, Food Insecurity, and Global Warming. The most recent concert I attended was about Global Warming, and I presented how Global Warming is affecting our planet, and how we can reduce our emissions and take precautions in our lives. After the concerts, our purpose is to raise funds to help people in need. One such concert, "Save the Children in Ukraine!," was about helping the families in Ukraine in which their homes were destroyed and their children were taken and separated. From all of this, I learned that taking part and contributing to something greater than my own needs, the needs of the world, will help make everyone's future better. Finally, something I think is important as a group leader is to take charge in a situation, to give hope to those involved, and have passion towards completing a goal.

My vision for the New Hope Echoes group is to see this group grow and help make the world a better place. My vision also comes down to the seven mission statements of New Hope Echoes: Praise the LORD, for all we have, including our talents, are given to us by him. New Hope Echoes participants give thanks to GOD for giving us this life and opportunity to change the world. Use your talent to help make a better community. We wish to see our communities thrive and grow because of our efforts. Collaborate and campaign how to save the Earth. The goal of our concerts is to raise awareness to save Earth and remove all the issues we have today. Be a role model for everyone by contributing to the community. We want to show everyone that they can also contribute to Compassion International and help see a brighter future. Develop leadership and teach children what we wish to accomplish. We show children that they can also make a difference, no matter how big or small. Be rewarded with "Presidential Service Award." Support those in need around the world through Compassion International. Our concerts raise funds for those in need elsewhere in the world that are impoverished and in need of help and support.

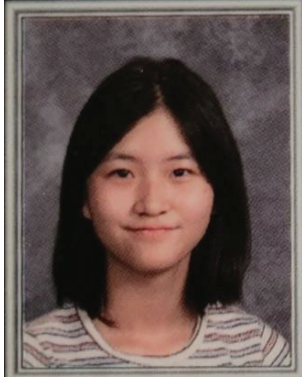

Ephraim Sunha Yu Secretary of New Hope Echoes in 2022-2023 school year

LA County High School for Art 10th grade

I want to help make this community into a better place. I want to make the community more fun for the people and help the new generation of kids to come and join us and think that this is a place of learning, fun, and support instead of thinking that they are here because their parents forced them to come or something like that.

I think that a leader who has flexibility and listens to other people's ideas to have in their group is something that is very important. I think that being a leader is hard in a sense that you have to take care of a lot of things and most, if not all the problems of your subordinates are the leader's fault. The importance of a leader is that he or she can grasp the attention of the group or community and is well prepared for the day. The leaders should have the work and effort to show that they have what it takes to be the leader of the group. Some skills I have developed from a leadership role outside of school is that being he leader is not an easy thing to do and it takes a lot of effort and dedication depending on how hardcore the group you are leading is. There were groups that when I was the leader, didn't have to worry about much and other times I had to do a lot of things which was very tough in its own way because of all the things that the group had to have or do.

The vision I have for the New Hope Echoes group and the leader role is that I want to show them that New Hope Echoes group is a place for helping the people in need and not a competition. The performers shouldn't be stressed or worried. They should be proud that they are helping other people who are in need of help. I want to make New Hope Echoes a place for not only helping out the people in need but letting the future generation experience something new and learn something new so that they can have more knowledge about the world they live in. These are my visions for the New Hope Echoes.

Isleen Lee Treasurer of New Hope Echoes in 2022-2023 school year

Harvard-Westlake School 9th grade

After four years of participating in the New Hope Echoes Concert, I realized the impact that a small, yet determined community can have on the world. Every year I attended the NHE Concert, I saw how resolute all the participants and adults were. In addition, knowing that our efforts are going towards a charitable cause made me want to work harder for this community. After noticing all these elements of NHE and its community, I want to be a leader that contributes to bettering the program, so that we can help more people globally.

At school, I am a Student Ambassador, which is a program that introduces new applicants and their families to the school. There are about 500 of us in this program, but I am very dedicated to helping new applicants feel welcomed, but not pressured to apply to this school. As a Student Ambassador, I am trained to lead tours for families and answer any questions they have to ease their nerves. Once new students are enrolled, I also help at welcome events to get to know them individually and as the name suggests, welcome them into a new environment. In all of my academic years so far, I always led group projects and did my best to pull the group through. I am very hardworking and was selfless to contribute to the whole group. Additionally, I am part of the school newspaper and my role is a reporter. I believe that my work provides the school's community with essential information, opinions, and most importantly, more chances to develop. As a reporter, I have a responsibility to interview students and faculty. I take this job very thoughtfully to see what I can inform my team about to improve the school's newspaper. - Similarly, I am part of a newspaper called JSR outside of school, as well. I work with the same mindset at JSR as I do for the school newspaper. I am also a part of KSP (Koreatown Storytelling Program) outside of school, which works to share the stories of elders in Koreatown. We work towards being able to share their stories to make a historical impact on how the Korean community made an impact. The most important qualities a group leader can have is selflessness and courage. I believe that with these two traits, the group will benefit because they have a leader.

My vision for the New Hope Echoes group is to continue helping people around the world. Although the participants are still young, I believe that with this goal, we can encourage the students to work harder. Being able to help people around the globe is often a rare opportunity, so, as a leader, I want to help bring that cause to life and broaden the impact that we can have.

NEW HOPE ECHOES WATER CONCERT PROGRAM

PART 1: MUSIC PROGRAM

New Hope Echoes Concert Registration Link:

New Hope Echoes Website:

The screenshot shows the homepage of the New Hope Echoes website. At the top is the Compassion logo with the tagline "Releasing children from poverty in Jesus' name". A navigation bar contains links: "My sponsored child", "Resources", "Online Application", "Volunteer Hours", and "Talk to your volunteer manager!". The main content area features a section titled "Ways to engage." with the text "There are countless ways to be a Compassion advocate. Why not choose something that suits your passion and talents?". Below this are six circular icons representing different ways to engage: a piggy bank, a bowl of food, a hand, a clock showing 58 minutes, a question mark, and an envelope. On the left side of the page, there is a sidebar with a circular photo of a group of people and the text "Raised: \$5,927.00". Below the photo is the text "2016-2022 New Hope Echoes Cultivating the Talent of Tomorrow". At the bottom of the sidebar are three links: "Our Story", "Photos", and "Donate to COVID-19 relief!".
